TONY CURTIS

The Art of Hollywood

Tony Curtis is one of the most successful actors of his era appearing in a number of the most popular & acclaimed films of the 1950's & 60's.

Curtis symbolizes the Golden Age of Hollywood and is legendary for his good looks, smooth charm and dashing & debonair style.

Tony Curtis is also an internationally renowned visual artist featured in distinguished museums including New York's Museum of Modern Art.

Available for the very first time are unique licensing opportunities for the Tony Curtis name, likeness and vast library of highly sought after paintings.
